

YSC Kids Program Protocols

The following will be in place for YSC Kids Soccer kids, parents, and staff safety:

- If you, or your child, or anyone in your household isn't feeling well, or has been diagnosed with COVID-19 – even if they are not displaying symptoms, stay home.
- Per CDC guidelines it is recommended that children over 2 years old wear a mask while playing indoor soccer.
- Masks are recommended for all adults at YSC regardless of vaccination status.
- YSC classes will be held inside. We will have doors open to increase airflow
- Coaches will wear their mask. (they may take it down from time to time while maintaining safe social distance in order to instruct the children)
- YSC Sports has hand sanitizing stations scattered throughout the facility and gear will be sanitized. Children will sanitize their hands after class, consider stopping by a hand sanitizing station or applying “magic soap” on arrival.
- If a participant is diagnosed with COVID-19 all participants who were in direct contact will be notified.

Thanks for continuing to keep all the soccer players in our YSC programs, their families, and our staff, safe & healthy by following these protocols!
